The Workplace Experience Platform
www.officespacesoftware.com
VISUAL DIRECTORY®
View live and up to date floor plans and always know who sits where

REPORTING & ANALYTICS
Let meaningful and real-time business intelligence drive your facility management decisions

RESOURCE TRACKING
Track and manage company resources from meeting rooms to network printers

MOVE MANAGEMENT
Effortlessly manage day-to-day office moves to complex relocations

REQUEST MANAGEMENT
Simplified work orders and service requests mean more time for the important stuff

TECHNOLOGY
Take advantage of our enterprise cloud hosted solution or host internally in your data center

SPACE MANAGEMENT
Know how your space is being used and make smarter allocation decisions

DESK BOOKING
Cut down on your real estate and facility costs with hoteling and hot desking

SERVICE & SUPPORT
Learn how our team will partner with you to ensure that you get the most out of your system
Topics

1. Web based solutions and hardware to improve the employee experience

2. Get the data and info you need - quickly
Web based solutions and hardware to improve the employee experience
IWMS 2.0
Core Platform + Integrate

Start with a best in class, modern workplace management solution as your core platform

Seemless experience across web, mobile, tablet, kiosk

Consumer level ease of use (enterprise software doesn’t have to suck)

Improved user experience >>> adoption

Integrate where and when it makes sense:

- Lease accounting / lease admin
- Asset management
- Project management
- Access control
- Communication platforms

- Access control
- Utilization Sensors
- Finance
- Accounting
- more...
So much more than a map

Locate and connect with co-workers in seconds. Company resources and information at your fingertips.

Floorplans
Company-wide access to view floorplans

Hot Desking & Hoteling
Book a desk in advance or same day

Coworkers
Search and find coworkers' location

Resources
Find printers, meeting rooms & more
Visual Directory®
Wayfinding
Wall mounted or free standing touch screen Kiosks give employees the ultimate workplace experience for finding colleagues, desks, meeting rooms and company resources.

Visual Directory®
Kiosks - partner with Zivelo, the leading kiosk manufacturer, based in Phoenix

Utilization Sensor Integration

VII. Individual Conference Room Analytics (can drill down on any room for this type of data)

- **Capacity**: 8
- **Average Meeting Size**: 2
  - 1: 0 vs last 7 days

- **Max Number of People in the Room**: 10

- **Peak Hour**: 4 pm

- **Conference Room Utilization**: 22%
  - 7% vs last 7 days
  - 10% peak

- **Meeting Size**
  - Person-count: 1-2
  - Person-count: 3-4
  - Person-count: 5-6
  - Person-count: >6

- **Trend Leg**: Detailed Trend Leg
  - 0% - 100% Utilization

- **Heat Map**: Shows how many people are in the meetings on average.

DOS Prompt 2.0: Embrace the bots
What's old is new again
DOS Prompt 2.0: aka BOT
What’s old is new again
DOS Prompt 2.0: aka BOT
What's old is new again

DOS Prompt 2.0: aka BOT
What’s old is new again
DOS Prompt 2.0: aka BOT
What's old is new again
DOS Prompt 2.0: aka BOT

Why stop there...

Why not get any piece of relevant data and info FROM your systems...without having to go INTO your systems

Use bots and integrations and to your advantage:

- Occupancy rate
- Lease Expiry
- Critical dates
- Cost / sqft
- People / sqft
- Opex info
- Capex info
- Book a room
- Book a desk
- Alerts
Thank You!
