BETA Introduction

Our mission is to help innovators across technology and the built environment come together to design what tomorrow will look like for the places we live, work and play. BETA is proud to be an American-Made Network Partner

E-ROBOT
SOLUTIONS

BETA Support

We will send out a follow up email with Prize Rules
If you have an idea, form a team [HeroX]
Develop a design concept
Review the concept with a BETA Facilitator
Submit the design concept listing BETA as your partner connector.
We will be there to root for your concept to be accepted!
