LIVE WEBINAR

iT Technology Community
A Community of IFMA

The IT Community is committed to providing appropriate and relevant content to the GLOBAL community utilizing a broad range of communication and publication platforms.

We continuously answer the question,

"How does Technology Support CRE & FM?"

We want to collaborate to share the best case studies!

The Importance of IFMA Communities and Councils

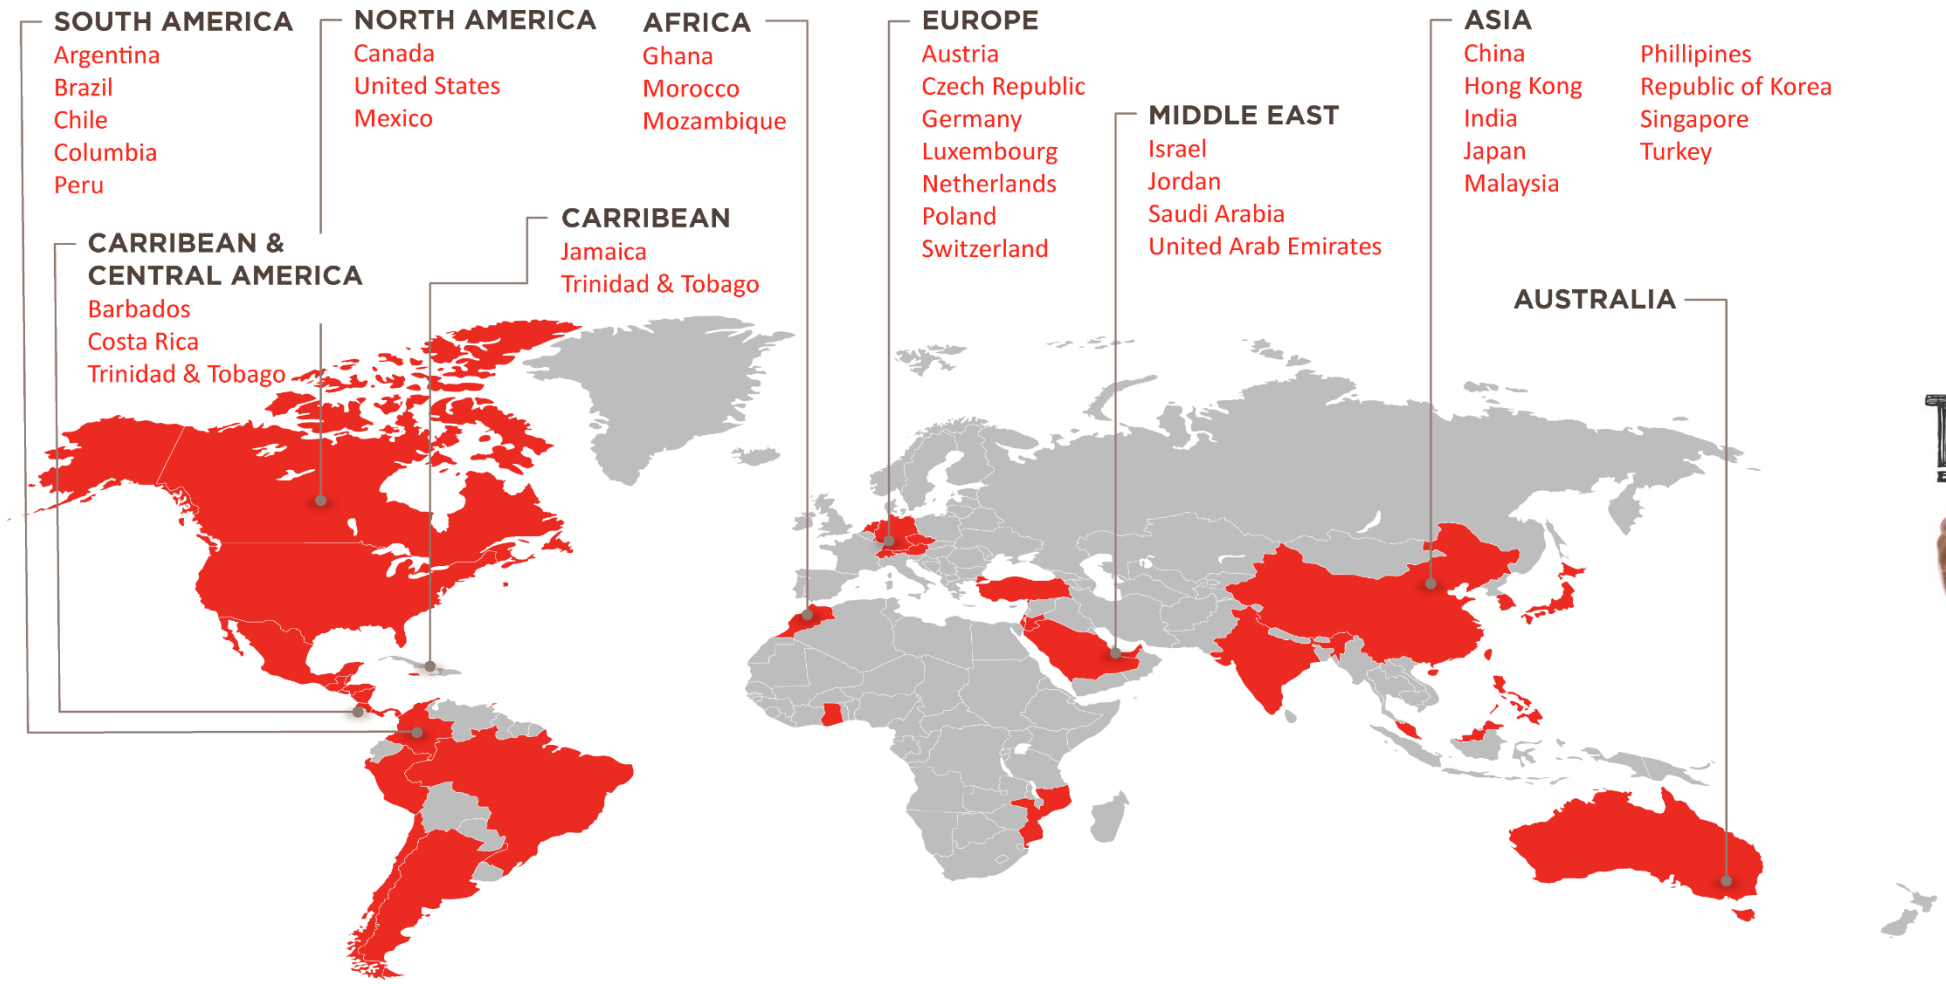
IFMA FOUNDATION
MAKING FM A CAREER OF CHOICE

Many thanks to our Members

We have over 250 Members from over 30 countries



Many Thanks to our Sponsors

The IT Community has revised its Sponsorship Program to Align with the Calendar Year and to Support the IFMA Foundation with a % of Sponsorships going to Scholarships. We anticipate growth of Sponsorship to support this initiative as well as Special Events such as the BIM Conference and Regional gatherings in Chicago, Dallas, Los Angeles, San Francisco and Phoenix.

Why Is Environment Monitoring Important?

New Global Safety Standards

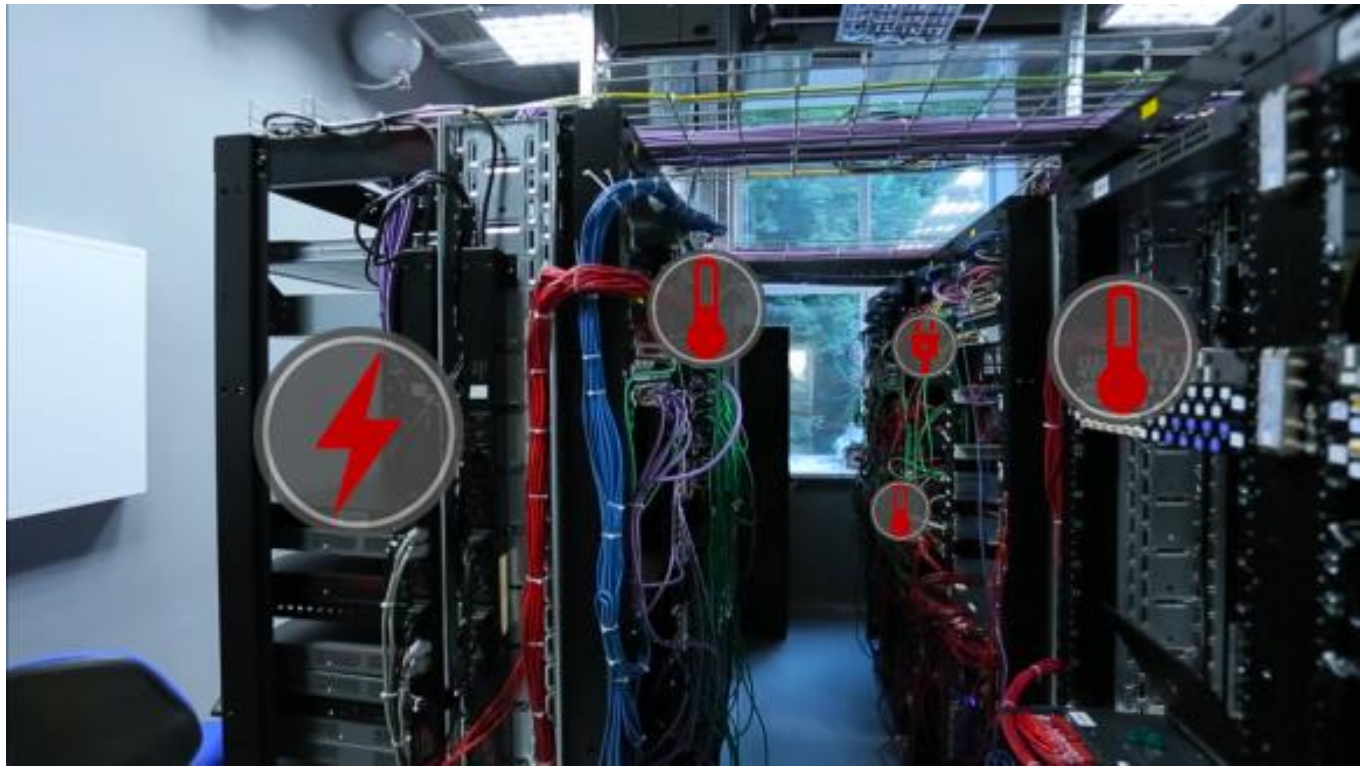
- OSHA
- World Health Organization
- Various State & International Agencies
- Businesses want employees to remain safe & productive

What Concerns Business Owners?

91%

Extreme weather & high temperatures

CONTINUITY INSIGHTS®



RoomAlert We've got this.

AVTECH

Why Does Heat Matter?

How hot is too hot, per OSHA?

Any temperatures above 82 Fahrenheit can lead to:

- Heat exhaustion
- Heat stroke
- Or worse…

What's at stake?

Fines raised to $16,131 per violation in 2024.

Why Does Heat Matter?

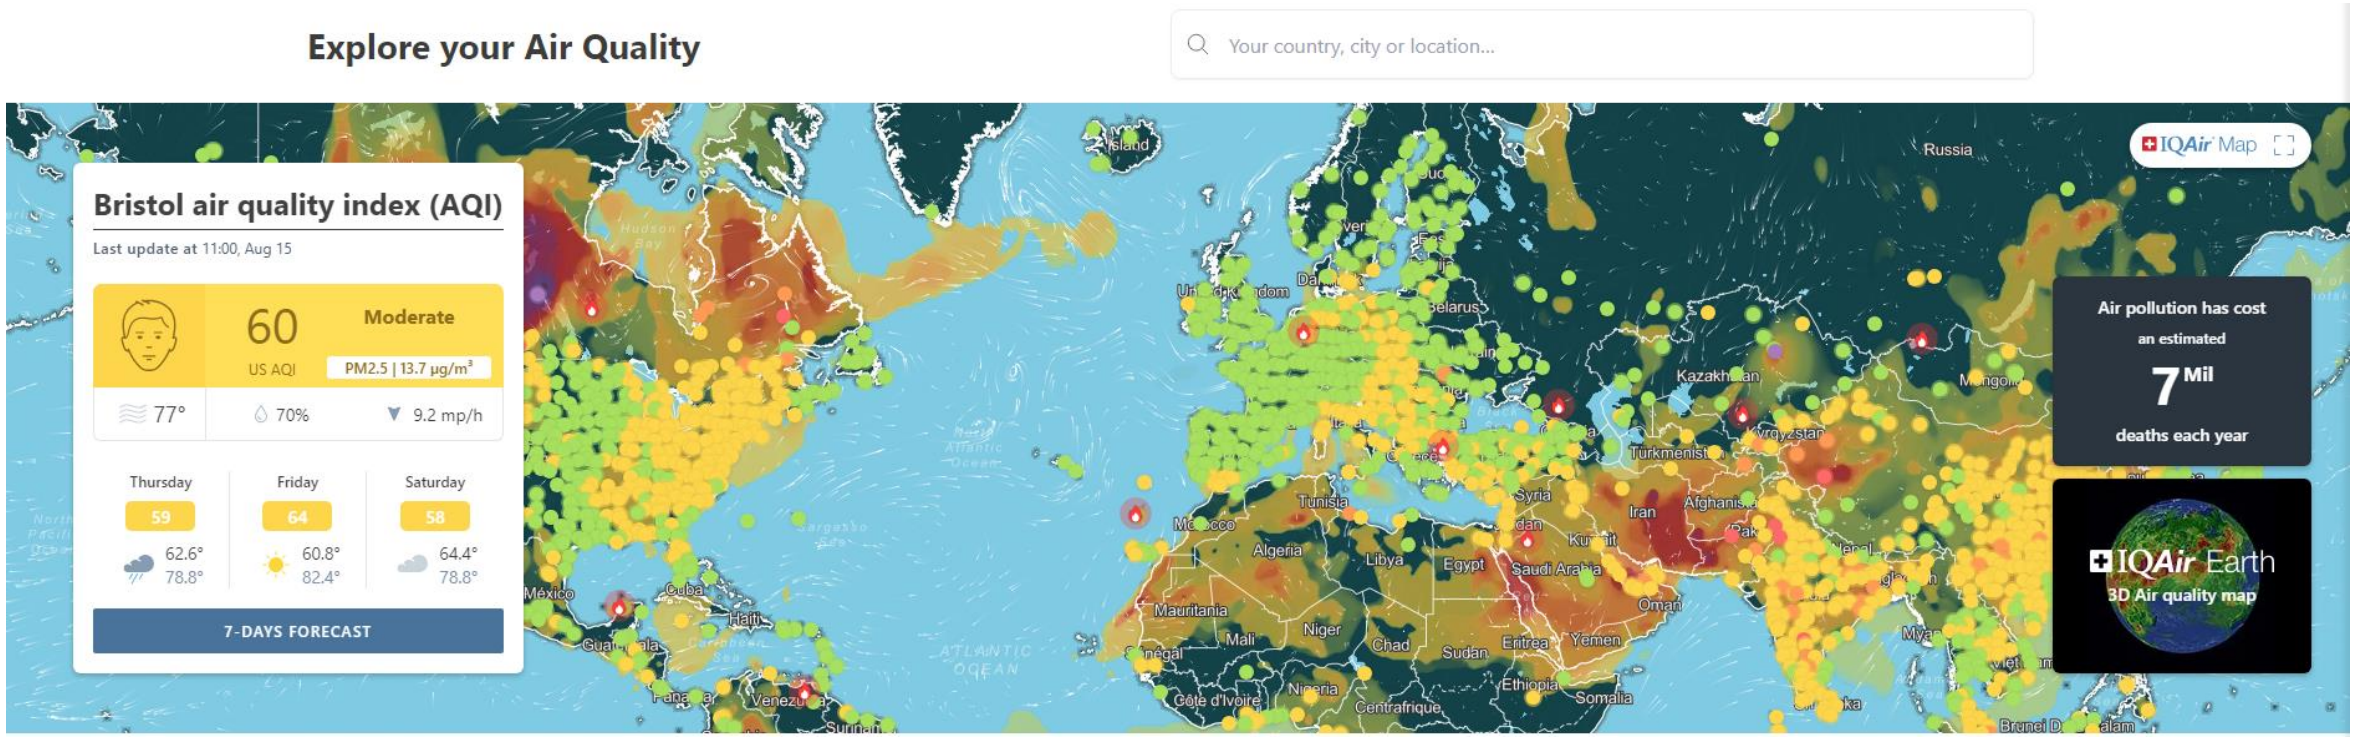
ASHRAE Recommendations

- Recommended Temperature Range - 64° to 81°F
- Recommended Humidity Range – 20% - 60%
- Help prevent network outages and data loss

Protect infrastructure, reduce costs

- Make sure HVAC isn't cycling too often
- Identify trends that could mean equipment is failing
- Preventive maintenance vs. replacement

Why Does Air Quality Matter?



RoomAlert
We've got this.

AVTECH

What's More Likely – Smoke or Water?

Water damage is 10X more likely to occur than smoke or fire damage

A small 1/16 inch crack in a pipe will leak over 20 gallons of water per minute!

INSURANCE JOURNAL

What Are We Hearing From IFMA?

What are the main concerns in facilities?

- Protecting infrastructure
- Reducing operating costs
- Better visibility
- Air quality
